

Digital Handset

KX-DT680

Full Colour Desk Phone

KEY FEATURES

- Large Colour LCD with Backlight
- Flexible Function Keys of 12 items x 4 pages with Self Labelling
- EHS (Electric Hook Switch) port
- Speaker Phone, handset and headset with full duplex
- Available in black and white colour

Not ready or willing to migrate to IP, but would like to have advanced features?

Our first colour screen model in the digital phone line up, will light up any desk. The user experience is taken to a new level with improved audio quality and easy to use features. The design means the D-XDP port is not included in this model, however the 'power' load on the system is increased. Please use our online configurator to make sure you can connect the correct number of handsets.

Operating your phone with a headset for convenience? The KX-DT680 has the EHS (Electronic Hook Switch) feature included, so all Panasonic confirmed headsets can be used.
